

Laundry Press – Air operated

FPA4-WC

Features and benefits

- High temperature nickelplated polished head dries the fabric and gives it a flat finish
- Professional steam heating system for head (for external steam supply or with optional built-in boiler)
- Adjustable pressure regulator for pressing different fabrics achieves an excellent finish
- Air operated reduces operator fatigue and allows high production output
- Two button closing improves operator safety
- High quality padding and cover for buck reduces impressions
- Easy installation and operation due to no vacuum needed and therefore no pedal
- Buck size 1350 x 460 mm

Main options

- Integral steam boiler – 18 kW
- Integral air compressor
- Safety head guard (CE) improves operator safety
- Electric steam iron
